MAZDA[®]

THE LEADING LIGHT

HALOGEN

Stock Mazda Halogen and add extra light and extra life to your profits!

Decor conscious consumers are trading up to the benefits of Mazda Halogen to create stunning lighting effects around the home. Halogen is also ideal for lighting hobby and work areas where colour definition is needed.

Mazda Halogen is a new and exciting range of premium products which last 2 to 4 times longer, and give a brighter light than their equivalent wattage of normal 1000 hour light bulbs.

Halogen Mirror lamp

- For use in low voltage display fittings
- Glass cover for extra safety

Halogen striplight

- For use in many security fittings, floodlights and uplighters

Halogen Globe

- Direct replacement for normal bulbs - ideal for pendant fittings where the bulb is visible
- Bayonet cap
- 10% more light than a normal 95mm

globe of the same wattage - and cheaper for the consumer in the long run due to extra life

- Dimmable
- Ballotini fused for extra safety.

Halogen Tubular

- Ideal as a direct replacement for spotlights and GLS
- Bayonet or screw cap
- 10% more light than a GLS of the same wattage
- Dimmable
- Ballotini fused for extra safety
