DATA

ENERGY SAVING COMPACT FLUORESCENT LAMP WITH LONGER LIFE BENEFITS

- Increased luminous efficacy
- Immediate flicker-free start
- Flicker-free operation
- Lightweight
- More light with lower operating temperature
- Reliable ignition down to -30°C
- Capable of withstanding over 500,000 switching operations.
- ON/OFF switching does not reduce lamp life
- Suitable for 240v DC Operation

The SYLVANIA LYNX ELECTRONIC BC lamp offers instant, flicker-free start and it used in appropriate luminaires, can be used outdoors in temperatures as low as -30°C, although light output will be reduced.
