BRITEARC® D/E

SYLVANIA BriteArc lamps are a family of high intensity arc discharge light sources. They are metal halide lamps with excellent performance specially designed for a wide variety of applications.

Features : high luminous efficacy, low infrared, excellent lumen maintenance, outstanding colour properties, electrical compatibility, universal burning, physical ruggedness, hot restrike.

BRITEARC D/E (DOUBLE ENDED)

BriteArc lamps are the Sylvania range of high intensity arc discharge lamps for STTV applications.

This compact source is designed to provide high light output combined with excellent colour performance.

Applications : in- and outdoor filming, stage, theatre, studio, video and discotheque lighting.
