# How to enjoy Guaranteed lamp quality from GE Thorn

## *Dichroic Mirror Lamps* Guarantee

*Filament Lamp life can never be fully guaranteed, but the use of good quality materials, professional processes and controls in manufacture, together with correct use and installation, can lead to a greater assurance of consistently achieving rated life and thereby providing operating economies for the user.*

*GE Thorn are now offering to replace, free of charge, their low voltage Dichroic Mirror lamps that fail before 2000 hours providing they have been operated in accordance with their recommendations by registered users.*

### **How to enjoy the GE Thorn guarantee**

*Complete and return the post paid reply card to register with GE Thorn and receive full information on the GE Thorn 2000 Hour Guarantee.*

**BUSINESS REPLY SERVICE**
