

Subject TWO DIGIT DATE CODE FOR ~~DISCHARGE LAMPS~~ (LEICESTER FACTORY)

1. DESCRIPTION

1.1. The date code shall be a two digit number which indicates the month and year of manufacture in an eight year cycle.

1.2. This code follows the pattern first introduced by E.L.M.A. in May 1934. DS

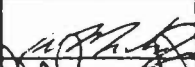

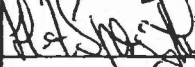

2. ARRANGEMENT

2.1. The appropriate code shall appear either within the boundaries of the Brand stamp, or adjacent to it. Details of size and position are given on the relevant Brand stamp specification.

3. THE CODE

3.1. The appropriate code shall be selected from the table below. e.g. March 1983 has the date code '15'.

MONTH	YEAR							
	1974 1982 1990 1998	1975 1983 1991 1999	1976 1984 1992 2000	1977 1985 1993 2001	1978 1986 1994 2002	1979 1987 1995 2003	1980 1988 1996 2004	1981 1989 1997 2005
